# **BUS BOT**

The BusBot is based on the buses operated by the **MOUNTAIN LINE TRANSIT AUTHORITY** - the main provider of transportation in Morgantown. The bot lets you know which **BUS LINE** to go on to reach the station you have selected.

## **1 INTRODUCE YOURSELF TO THE BOT**

Make the console screen bigger for a better experience.

## **2 SELECT A NUMBER THAT REPRESENTS YOUR DESTINATION**

Pick the station you want to go to.

**RED LINE**

**07**

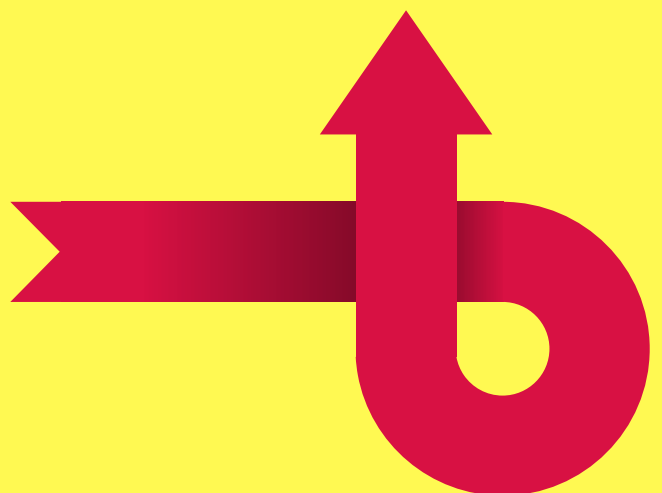

## **3 YOUR BUS LINE IS GIVEN**

Out of the many bus lines in the Mountain Line Transit Authority, the most suitable one will be displayed on screen.

## **4 TRY AGAIN**

If you have picked the wrong station, the bot will prompt you if you want to search again.

**HAVE A NICE TRIP**

Any feedback is appreciated.
